## RANKINGS & ESTIMATES ERRATA

The National Education Association has been informed of an error in the West Virginia Rankings & Estimates data released in 2018. The West Virginia Department of Education (WVDE) inadvertently double-counted some state- and county level expenditures in the total current expenditure provided for FY14, FY15 and FY16. This error, in turn, inflated the figures for expenditure per pupil. The corrected data submitted to NEA by WVDE are attached and will be included in the 2019 report.

If there are any questions about this correction, please contact Senior Research Data Analyst Amlan Banerjee at [abanerjee@nea.org](mailto:abanerjee@nea.org).

Sincerely,

A handwritten signature in black ink, appearing to read "Stacey Pelika", is positioned above the typed name.
